MOTOR TRUCK DRIVER HELD FOR RECKLESS DRIVING

Judge Joplin of Hampton Holds William Linwood in \$200. Awaiting Outcome of Injuries to Man Struck By His Car

William M. Linwood, of Mapewood, Mass., was held in \$200 bonds in the Hampton Police Court on Monday afternoon by Judge Joplin, to await the outcome of injuries sustained by John Cleveland, 27, of Hampton, whose wagon was struck by the auto truck driven by Linwood. The accident occurred in the afternoon on Monday, opposite Whittier's Hotel, Cleveland, who is in the employ of Frank Mason of Hampton, was driving a two horse wagon, and charges that the truck was going at a very high rate of speed when it collided with the rear end of the wagon, throwing Cleveland to the ground.

BRITISH TROOPS ARE FIRMLY ENTRENCHED

Bulgarians Appear to Be Withdrawing From Former Positions.

Sabotka, Sept. 12.—British troops who crossed the Struma river on Sunday have firmly established themselves in their new position. They were opposed by small bodies of Bulgarians, but have not yet come in contact with the main Bulgarian army in that region. The Bulgarians are retreating along the entire right bank of the river. The Bulgarians also appear to be withdrawing to positions they formerly occupied.

RELIEF FOR POLAND IS DENIED BY KAISER

(Special to The Herald)
Washington, Sept. 12.—The State department today received from Ambassador Gerard from Berlin an autograph letter from the Kaiser to President Wilson stating that relief for Poland had been requested by the President, but could not be furnished to a larger extent than has been given. The letter will be sent to the President by special messenger.

GERMAN SUBMARINE CAPTURES DUTCH MOTOR STEAMER

(Special to The Herald)
Berlin, Sept. 12.—The Admiralty announced today that a German submarine had captured in the North Sea the Dutch motor steamer Zeeland while carrying contraband from Rotterdam to London.

MAINE IS REDEEMED BY THE REPUBLICANS

Elect Governor, Two United States Senators and All Four Congressmen--Next Legislature Will Be Controlled By G. O. P.

Portland, Me., Sept. 12.—Republicans of the old Pine Tree State, reinforced by returning Progressives, won a signal victory at the state election on Monday.

They elected a governor, auditor, two United States senators, four congressmen, and wresting control of the state house of representatives from the Democrats, will be able on a joint ballot of the legislature to elect the other state officers not chosen by popular vote.

Carl E. Milliken led his ticket, defeating Governor Oakley C. Curtis, who sought re-election, by a plurality of approximately 18,000.

The Republican drift extended to county offices, the great number of counties choosing Republican county attorneys and sheriffs. These offices are important locally, because the holders are charged with the enforcement of the prohibition law.

The vote was heavy and had been expected, for the campaign had been waged with a determination not seen in recent years. The country was searched out for speakers of national prominence by both parties, and the greater number of these battled on national issues. The fight was particularly hot for the two United States senatorships, and the four places held by Maine in the lower House at Washington. The national defense, the tariff and the eight-hour law for railroad men loomed large in the discussions.

The Progressives who two years ago lost 18,224 votes returned largely to the Republican party in the opinion of Republican leaders.

The closest fight was for Congressman from the second district, where Congressman Daniel J. McCallum was defeated by Wallace H. White, Jr.,

BORDER PLANS TO BE SELECTED FROM TWO BILLS

Selection Will Not Be Made Until After General Bliss Has Given His Observations.

(Special to The Herald)
New London, Sept. 12.—Agreement on a plan for the American-Mexican border question was assured today. All proposals of ways and means submitted by the commission representing both countries were under consideration. From a source close to both commissions it was learned that a modification including the best features of two border plans is most likely to be recommended. No action will be taken until after Gen. Tasker Bliss has given both commissions his personal observation of the condition of the border gathered during his inspection of the American troops there.

whose plurality was about 600. United States Senator Charles F. Johnson, whose wide personal popularity has given the Democrats great hope of his return, was defeated by Frederick Hale, son of the ex-Senator, whose margin was approximately 8,600 votes. For the short term seat in the senate former Governor Bert M. Fernald defeated Kenneth C. M. Sills, dean of Bowdoin college, with 12,000 votes to spare.

L. B. Goodall won from J. A. Stevens in the First Congressional district by 3,000. Congressman John A. Peters retained his seat defeating John E. Bunker in the Third district by 4,000. Ira G. Hersey defeated Leonard H. Pierce in the Fourth Congressional district with a plurality of 6,000.

WATCHMAN WOUNDS ONE OF SIX BURGLARS

Man Escapes Leaving Trail of Blood Behind Him.

(Special to The Herald)
Webster, Mass., Sept. 12.—Watchman Antonio Gall shot and seriously wounded one of six burglars he found in the A. J. Bates Co. shoe shop and factory here last night. The men fled as he entered the shop. He fired and one of them fell, apparently dead. While Gall was telephoning to the police the wounded burglar escaped through a window, leaving a trail of blood behind him. The others also escaped. As far as it is known they did not get anything.

ELIOT MAN MEETS WITH BAD ACCIDENT

Sustains a Compound Fracture of Left Leg When Horse Kicks Him.

Edwin Hunter, aged 21, employed by Raymond Clark of Eliot, met with a bad accident on Monday. He was driving an ice cart down the hill near Rosemary Junction when the breeching broke and caused the horse to let go his heels. The animal's hoof struck Hunter in the left leg a few inches above the ankle with such force as to cause a compound fracture, the broken bones protruding through the flesh. Dr. J. L. M. Willis of Eliot and Dr. H. C. Taylor of this city were summoned and the fracture was reduced. The injury will lay Hunter up for some time.

VIOLATIONS OF AMERICAN NEUTRALITY

By British Destroyer Off Carabao Island Reported to State Department.

(Special to The Herald)
Washington, Sept. 12.—Brig. Gen. Liggett, commander of American military forces in the Philippines today reported to the war department facts that show a clear violation of American neutrality. When a British destroyer held up the American steamer Cebu off Carabao Island, early Monday, Gen. Liggett reported that the Cebu was a mile and a half inside American territorial waters when she was stopped and boarded. The steamer's captain was compelled to give Lt. Hall, the British commander, the ship's manifest and passenger list. The official report was laid before Sec. of State Lansing by the war department.

FIRST TRAGEDY IN THE NEW YORK TRACTION STRIKE

Green Motorman Loses Control of Car and It Crashes Into Jitney, Killing Two and Injuring Nine Persons

(Special to The Herald)
New York, Sept. 12.—The first tragedy of the traction strike opened the sixth day of the struggle between the carmen's union and the transportation companies of the city of New York. A trolley operated by a "green" motorman got beyond control as it started down a grade at 174th street and Boston road, crashing into two jitney busses. Two persons were killed and nine injured. Four of the injured were so badly hurt that their deaths are believed to be only a matter of a few hours.

CONDITION OF MRS. HOWE IS UNCHANGED

President Is Informed of His Sister's Serious Condition.

(Special to The Herald)
New London, Sept. 12.—The condition of Mrs. Anne E. Howe, President Wilson's sister, who is critically ill here, was reported as unchanged this morning. She is gradually sinking and no hope is held out. The president, who spent the night on his yacht, the Mayflower, was told of his sister's condition.

And the people come to adore and pray.
To lift up their hearts to God,
In the chapel new, that is raised to Him.

At the end of the Rogers road.
You long have been loved, you beautiful road,
With your winding, curling way.

Where sorrow has walked with joy between,
Souls both grave and gay.

And flowers bestrew on either side
To cheer those with life's weary load,
Hastening home when the day is done
O'er the dear old Rogers road.

Its birth was as still as the birth of morn,
As it breaks in the Eastern sky.
And the altar lamp gleam like the Star of old,
Will guide the passer-by.

To the altar of Him who within abides
Who can lift the heart's heavy load,
And comfort give, in St. Raphael's,
At the end of the Rogers road.

Then after life's little day is done,
And the sun has gone to rest,
They who have sown in tears shall behold

Their sheaves all garnered and blest.
They who have struggled and toiled,
and wept,
That Christ might be adored,
Will by the gate of St. Raphael's wait
At the end of the long, long road.

—Mrs. John Ryan.

BOSTON LETTER

Boston, Sept. 12.—More than 600 casually and surely insurance agents from all parts of the country are assembled at Boston this week for the annual convention of the National Association of Insurance Agents, which is being held at the Copple-Plaza hotel. The address of welcome was delivered by A. W. Danton, president of the Springfield Fire and Marine Insurance Company, with President Frank A. Dewick of the Boston Board of Fire Underwriters welcoming the visitors on behalf of the Boston insurance men. The first business session of the convention was held today with the list of speakers including many prominent insurance men from all sections of the United States. Tomorrow another business session will be held while the final session will take place Thursday. The speakers assigned to speak at these sessions are Walker Taylor, Wilmington, N. C.; M. O. Robbins, Santa Anna, Cal.; Edward C. Roth, Buffalo; Clarence S. Felt, Chicago; F. E. Warner, Salem; Frederick V. Burns, Syracuse; R. M. Allen, Little Rock; George D. Mayhew, St. Louis; Henry C. Seibels, Birmingham; Ala.; Walter G. Cowles, Hartford, Conn.; J. M. Livingston, Detroit; and John F. Am-Kenbauer, Cincinnati.

This year's crops, on the whole, have been very disappointing to the average farmer. According to Secretary Wheeler of the State Board of Agriculture, the apple crop of the state will be about one-fourth less than last season, and the apples are so spotted as to be classed only as fair. Despite the fact that hay grew luxuriantly, much of it has been spoiled by rain during the haying season, and the supply is below normal. Corn also is below normal in quality and quantity. The supply of cranberries is one-fourth below normal, onions are small and the peach crop is one-half what it ought to be. Peas are a third short, while grapes and plums are almost a failure. Celery is rusty, squash vines in some localities have turned black, owing to early frost, but tobacco has done well in this state. The Interstate Commerce Commission's new rates on milk transportation go into effect next month, when it is expected that the farmer will demand a higher price for milk.

If the Theatrical Managers Association of the United States carry out the plan, submitted to them by Miss Hazel Lowry, one of the leading women in the "Hit-the-Trail-Holiday" Company, a record benefit will be given some time before the close of the present theatrical season. Miss Lowry's scheme is to endow beds in every hospital in every city of importance.

How Strike-Breaker Waddell Protected Motormen on New York Elevated Lines.

J. T. WADDLE, MOTORMAN.

J. T. Waddell of Chicago, noted strike-breaker, was given the job of supplying men for the New York City elevated lines when a strike was called. In order to protect those motormen of the elevated trains who remained at work, and also the new men, he had every motorman's window covered with heavy wire, so rocks could do no damage. No motorman was injured; in fact, strikers did not attempt to injure them.

In the country, primarily for the use of members of the profession stricken ill on tour, but as well for other worthy persons. Miss Lowry believes that in this way the death rate among actors and actresses could be greatly lowered. Miss Lowry has asked managers to act aside a day between now and the end of the theatrical season in May for the benefit and allow the proceeds to go for the endowing of the beds. If this can be established Miss Lowry is firm in her belief that when a member of the profession is stricken ill, he or she will not be obliged to further jeopardize their illness by being journeyed back to New York.

Present indications point to a substantial increase in the number of classes that will be conducted by the State Department of University Extension during the coming school year. Plans are being developed to carry this line of educational work along industrial lines on a larger scale than was possible last year. Robert H. Phair, chief of the bureau of class instruction, has been engaged in field work of late. Among the industrial centers which he has visited have been Leominster, Fitchburg and Lynn. The spirit of co-operation which the business men have shown has been very commendable. The methods of carrying forward this educational work along industrial lines must be slowly developed, but the attitude of a large number of employers has been such that the university extension departments feels highly encouraged.

WARSHIP MEMPHIS ON THE ROCKS IN SANTO DOMINGO HARBOR.

This photograph was taken a few hours after the United States cruiser Memphis, formerly the Tennessee, went ashore on the rocks in the har-

bor of Santo Domingo. In a heavy storm the vessel started for the open sea to be clear, but the main steam-pipe burst, killing many men instant-

ly and injuring more, and she was helpless. She was banged against the rocks.

WITH THE SPORTS

New York, Sept. 11.—Taps sounded Saturday at the Belmont track; the lugle call that ended the most successful season of racing in the entire history of the New York turf.

The old-timers who used to shoot folks full of stories about the "glorious racing days of old" find today that they have been robbed of their ammunition. Never before has the aggregate crowd been larger; no season ever has brought about the establishment of so many new records; the 1916 purses, in total, eclipse anything of the bygone years.

From the opening of the season on May 15th until the curtain dropped on Saturday at Belmont, each and every one of the 99 days of racing has been a success. The crowd rarely went below 4,000 or 5,000 even on the smallest attendance days. At Belmont the turn out several times has gone far beyond 20,000. Jamaica had several crowds almost as huge. The Jamaica track on three or four occasions was peopled by close to 15,000. The Empire track in Yonkers drew capacity crowds on four or five of its 18 days; while all the records for total attendance were smashed during the 24 days at Saratoga.

So great was the throng at Saratoga that in at least a half dozen occasions it was packed to its very limit. This has caused the officials to plan an increase in the capacity of its plant before the 1917 season comes along.

Racing Free From Scandal

One of the best features of the entire season was that it was comparatively free from scandal. On only a few occasions were winning horses disqualified on account of fouling—a high tribute to the watchful officials whose slogan was "clean racing."

The great wagering plan in vogue seemed to work out to the satisfaction of all concerned. The state law's ban on open wagering. The folks who wanted to gamble a bit skirted around the law by depositing their money with the "layers" before the exercises began. Then they either made verbal bets with their "layers" or wrote out their bets on slips of paper and passed them to him. When the days festivities were concluded the customer and the "layer" would settle up.

From out of the smoke of the turf battles emerges Camphire as the greatest money winner of the year. The whirlwind colt, owned by R. T. Wilson Jr., won seven out of ten races and was unplaced but once. His total winnings reach beyond the \$50,000 mark, which includes the earnings from the Hopeful Stakes, at Saratoga, and the great Futurity at Belmont, which netted him close to \$18,000.

Spur, owned by August Belmont, performed in a way that accords to him the three year old championship. The game youngster met the best horses of his class in the country, carried heavy imposts on almost every occasion, yet won the great majority of his races. Spur's total earnings go a bit beyond \$20,000. Dodge, the great western three year old, won over \$20,000 also, but because Spur met and beat a greater assortment of horses he is conceded the title.

Home-Breds Beat Imports. The home-bred horses won out in their battles against the pick of the foreign ponies. Owing to the war, many of the big tracks in Europe have been closed. So the crack runners were sold at bargain prices to the Americans, who entered them in the various races to see what they could accomplish.

Only a few of the imported steeds showed anything. Crimper perhaps ranks as the speediest of the lot of newcomers. Heats made a nice winning too. Kylon, Moonlighter, Jack Mount, and a dozen others failed in the majority of their efforts. Poloma, Teetotal, Glanaginty, Hidden Star, Sluggo, Fizzle and the others have shown but little.

Perhaps the best imported horse in the country today is Short Grass, owned by Emil Harz. But this great stretch runner didn't come with any real reputation. Harz liked his style and grabbed him for \$1400 in a selling

race. He figured, first of all, to put him in nothing but crack plate events here. However, the horse showed so much speed and endurance that he pushed him into the second-rate stake events as a starter. Short Grass promptly brought home the "bacon."

THEN—AND NOW.

Verse One.
Who was it said sometime ago
"Oh! watch me wield the stick!"
Who was it uttered blatantly
"I'll make Ty Cobb look sick!"
Chorus,
Benny Kauff.
Verse Two.
Who is that's a mile behind
The healthy looking Cobb?
Whose clouting efforts are a joke
Who makes McGraw to sob?
Chorus,
Benny Kauff.

KAUFF FAILS TO STAR.

It cost the Giants \$35,000 to discover that Cobb doesn't rival the "Georgia Peach," that the Federal League demon is only a good ball player—not an outstanding star.

Of course, Kauff's warmest admirers claim he has been handicapped this year. They offer several alibis among them (1) probably McGraw isn't handling him in a way that will bring out the best in him; (2) that Kauff, by his terrible earnestness in trying to make good, has been demoralized by nervousness and over anxiety. But that doesn't alter the fact that Kauff is not starting in the National League this season. He is playing good baseball and surely is of major league calibre, but his performances to date cannot place him in—or anywhere near—the Cobb, Speaker, Jackson, Robertson, class. Nor can it rank him with the clouters.

Kauff may flash brilliantly next year, but in baseball as in all other walks of life, it isn't what you may do that counts—it's what you are doing.

Willard's Daily Life.

Those who imagine that the life of a circus performer is a carefree existence may gaze upon the following daily schedule that Jess Willard maintains:

- 10 a. m.—Arises.
- 10.30-11.30—Takes brisk walk.
- 11.15—Breakfast in private car.
- 12.00-1.15—Writes letters, gives interviews, etc.
- 1.30—Arrives at show.
- 2.30—Is introduced to crowds in main tent.
- 3.30—Does cowboy act.
- 4.45—Boxes before audience.
- 5.00—Leaves tent.
- 5.15-6.15—Rides in auto, shops, visits friends, etc.
- 6.15—Dinner in private car.
- 7.15—Reports at tent for night's show.
- 8.15—Introduced to crowd.
- 9.30—Cowboy act.
- 10.45—Boxing act.
- 11.15—Boards train for next town.
- 12.15-12.30—Chats with associates.
- Eats a "snack."
- 12.35—Taps.

Reports that "Ping Bodie is to return to a major league club next season are erroneous. "Ping" is going to play with the athletes.

AND IF SHE'S KNEELESS.

"A woman," asserts Florence Hayward Hiles, suffragist, in the Denver Post, "is just as old—or as young—as her knees. Very good, Florence, but tell us what is a clerk in a voting booth going to do to ascertain the correct ages of women who won't vote in bathing suits."

A SLIGHT FOZZLE.

"Terrific Left is Moran's mainstay," proclaims a western headline. Further along the organ peals forth with: "Will the straight left to the jaw—the same punch that twice floored Jim Coffey—win for Frank Moran against Carl Morris in their fight?" Nothing at all wrong with the yarn except that it was Moran's right that clouted Coffey; that Moran's "terrific left" is the poorest of any fighter in the game and that probably couldn't flatten a Jersey mosquito.

EVERS, SUSPENDED, LAUGHS. Johnny Evers thinks he has an aw-

fully good joke on John Tener. Tener suspended him for some rowdiness in St. Louis and when the news reached the "Trojan" he laughed—just like that.

"He isn't punishing me this time," chuckled the Braves' second sacker. "I' sick and of no value to my team right now. I was going to take a lay-off of four or five days anyhow. So Tener's suspension falls as a punishment."

BOXING NOTES

Irish Patsey Cline, who will clash with Harry Donahue of Peoria, Ill., in the windup at the Boston arena, Tuesday evening, was one of the most sensational performers in the amateur ranks before he became a professional. He won the national 195-pound championship, then the title at 175 pounds and finished with the championship in the 125 pound class.

Mike Gibbons, while fighting in New York took a liking to the fighting Irishman and after he had sufficient coaching launched him as a professional. He has much of Gibbons' footwork and is a very fast, clever boy. He is now being talked of as the next opponent of Champion Johnny Kilbane.

Harry Donahue who comes east with the hope of breaking into the big league is a crackjack boy. He has done most of his fighting in the middle west and judging from his record he is a boy of class. He has met Young Saylor, Paddy McFarland and Charley White.

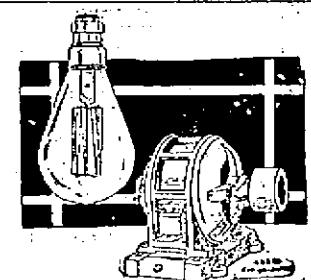

Pete Hartley who is to meet Mel Coogan in the twelve round semi windup, has a mighty wallop. Most of his battles have been won by the K. O. routes. In Coogan he meets a decidedly clever lad that is every inch a fighter and has a good punch. The preliminaries that will be offered are exceptionally good. Johnny Doyle of Lowell will clash with Battling O'Neill of Lynn while Teddy Murphy of the West End will essay to defeat Pat Owens of Cambridge.

The Handwriting on the Wall.

After four years Maine has swung back into the G. O. P. column. The call raised by the Democrats has failed utterly to bring the Moose within reach, and the Progressive voters have returned to the party from which they came; satisfied that the principles of the Republican party are the safe ones for the country. The work of the Progressive party was not in vain and the division was one which did much good for the old stand-pat Republicans. But their work is done. The Republican party has adopted many of the needed reforms championed by the Progressives and the Republican party of today, judging from the results in Maine, is stronger, safer, satter, and bigger, than at any time since its foundation.

The eyes and ears of the nation, from New England to California, were turned toward Maine on Monday, and as the results of the election were flashed over the wires, political headquarters in every state and at the capitol, experienced some form of active emotion. The Republican victory has struck terror in the hearts of Democrats throughout the nation from the highest office-holder to those of the rank and file. They are reading the handwriting on the wall and they know that Woodrow Wilson, with his watchful waiting, and weak, half-hearted policies, is doomed to a return to private life. "As Maine goes, so goes the Nation" is as true today as it ever has been. The election of Milliken, Hale, Fernald and others, and the defeat of McGillicuddy of Lewiston means but one thing: Charles Evans Hughes is the next president of the United States.

It means the return of a protective tariff for the safety of the American workman and his protection against the cheap wage scale of foreign laborers. It means the election of a man who is fearless enough to refuse to allow any 250,000 men, no matter how well they are organized, to take Uncle Sam by the throat and tell him what he shall do or shall not do.

The men of the Republican party, which has always stood for the protection of Americans at home and abroad, the safety of men, women and children on the high seas, the protection and surely of your mails, same legislation for all classes of men, will be returned to both houses of Congress. And, as always, they can be relied upon to do the work for which they are elected. Maine has shown the way and the thanks of the entire nation, for her courage and right thinking, are her just due.

It is reported that a Long Island justice failed to fine a young woman the other day for overspeeding, although she pleaded guilty, saying she was too pretty to be compelled to pay a fine, and promising to hold in reserve the "majesty of the law" for the first homely woman that comes before him for a similar offense. It hardly seems as if this can be true, although the story is published in a reputable New York paper. If it is true there is one judgeship in this country in which there should be a change, and that without needless delay.

Milk producers in various parts of the country are fighting for better prices for their product, and there is no doubt that in many cases they ought to have them. But this does not necessarily mean that consumers should pay more. The middleman in the milk business is the real thing. It is impossible to eliminate him, but he should be shown his place and be compelled to keep it.

Bakers in some parts of the country have been planning to raise the price of the five-cent loaf of bread to six cents because of the steady advance in the cost of materials, and the federal government is looking into the matter at Chicago. The bakers are finding themselves in a position to sympathize with the railroads.

News from London is to the effect that there is a movement on foot to form a working agreement among the munitions manufacturers to compete after the war for the munitions trade of the world. This doesn't sound as if the talk about this being the last great war was wholly sincere.

The trolley strike in Bangor, Me., having come to an end, it is safe to presume that the liquor dealers will now be permitted to open their bars once more. It seems that even under prohibition there are times when it is desirable to close the saloons.

All postal employees who have been serving on the border will find their old places open to them when they return home. And, to the credit of employers generally, it can be said that the same will be true with reference to most of the other men.

A great many men are on the stump these days trying to run the other fellow up a tree. And in the near future there will be still livelier times in the political wilds.

GREEK CABINET HEADED BY ZAMIS RESIGNS

This Will Align Greece in Active War Operations Against Central Powers.

(Special to The Herald)
Paris, Sept. 12.—The Greek Cabinet headed by Premier Zamis, has resigned. It was officially announced here today. This clears the way for the return to power of Eleutherios Venizelos, staunch supporter of the entente allies and leader in the movement to align Greece in active war operations against the Central powers. It is reported that he will assume the post of minister of war as well as that of premier. French officials believe that Greek participation in the war is now certain.

GOVERNMENT WILL RETALIATE

(Special to The Herald)
Washington, Sept. 12.—The administration commenced today preparations for putting into effect the retaliatory provisions of the recently enacted revenue law in the event that diplomatic negotiations failed to put an end to discriminations against American commerce. All of the commercial branches of the Federal government have under way a detailed inquiry to develop specific discrimination to be submitted to the State Department for a basis for retaliation.

SHIPPING BILL TO TAKE EFFECT AT EARLY DATE

(Special to The Herald)
Washington, Sept. 12.—Quick action in putting the recently enacted shipping bill into operation was promised today. Wilson is expected to announce the appointment of the shipping board within several days and the provision of the act will then be carried out without delay.

THREE ALARM FIRE IN BOSTON

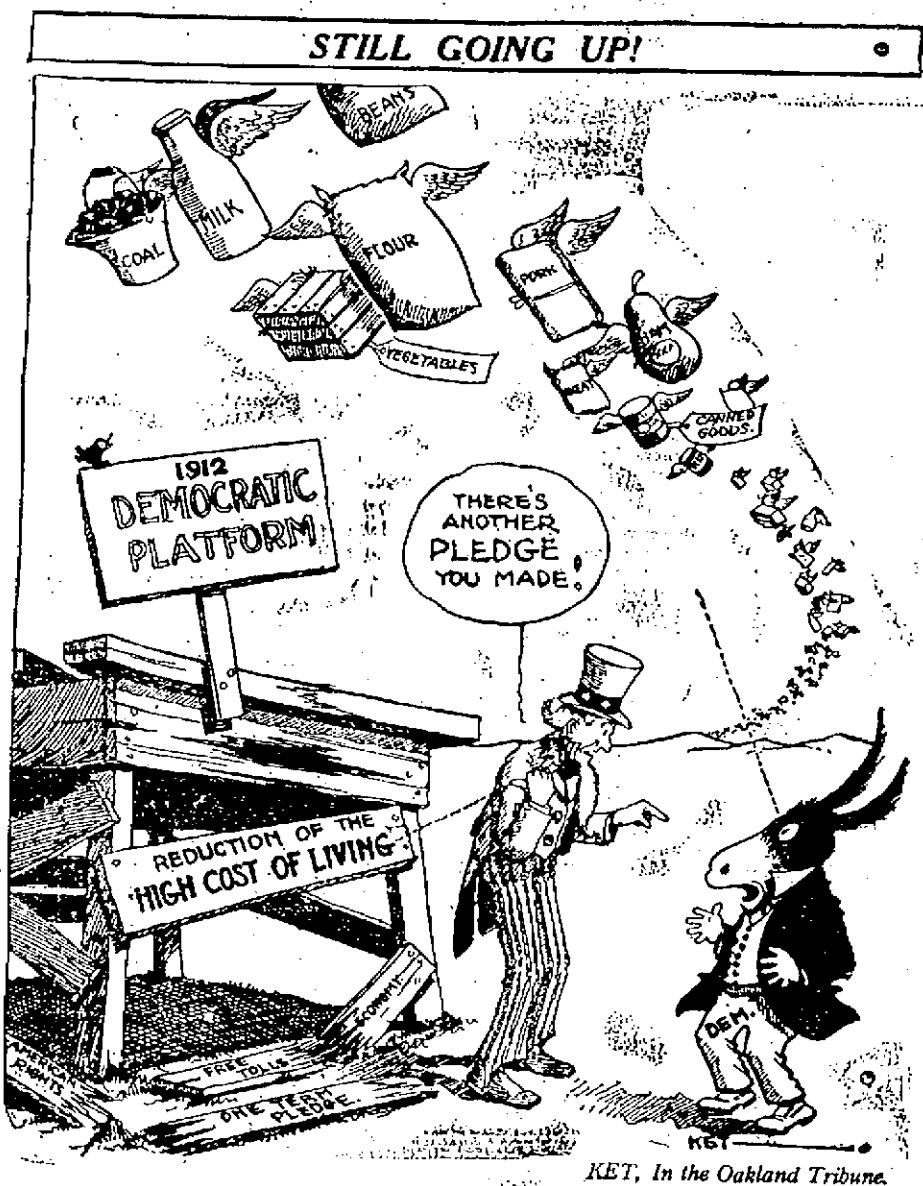

(Special to The Herald)
Boston, Sept. 12.—Three alarms were sounded for a fire which practically destroyed the building of the International Waist Co. at 97 K street, South Boston, today. Tremendous volumes of smoke drove men and women from surrounding buildings. The cause of the fire is a mystery. The loss is estimated at \$20,000.

TURKS CLAIM A VICTORY

CANNOT WEAR THE UNIFORM Dishonorably Discharged Men Are Liable to Arrest.

A man discharged from the army and navy dishonorably must get into civilian clothes as quick as possible or he is liable to arrest under the law of the national defense act. If honorably discharged he can wear the uniform for three months. This ruling was made by United States Commissioner Hayes at Boston on Monday. This situation became apparent when Leroy Lekates, formerly an ordnance seaman on the U. S. S. Martella, was arraigned before the commissioner yesterday on a charge of illegally wearing the uniform of an enlisted man in the navy in violation of the national defense act. He had been arrested by Deputy United States Marshal Backus. Commissioner Hayes was informed

that Lekates was dishonorably discharged last Tuesday for violation of his shore leave. Later word was received by the officers of the ship to the effect that the man was seen nightly at Revere Beach and that he was begging. It was claimed that a petty officer had warned Lekates to take off the uniform and that he neglected to do so, this leading to his arrest.

CURRENT OPINION

There can be no difference of opinion as to the importance of more thorough and systematic physical training for our schoolboys—training less confined to a few star athlete performers who are in least need of it and promoting throughout the entire school system the development of sound, vigorous bodies, without which intellectual attainments are of little value. Such training as is given to the boy scouts promotes not only physical development, but mental development and character development, which are imperatively needed not only as a preliminary preparation for military service and natural defense if occasion should arise, but also and especially as preparation for efficient citizenship in time of peace. European Experience and expert military opinion clearly indicate that the big problem in preparation for effective military service is not training in military tactics or drill, but getting men into fit physical condition. Here is a program upon which pacifist and militarist can co-operate.—By William O. Wilcox, President of the Board of Education, New York City.

Physical Training of Children Necessary to Their Mental Development.

Coroner Jollicor began an inquest yesterday afternoon. P. F. Johnson, president of the St. Lawrence and Dominion Bridge companies, accompanied by a number of engineers, inspected the anchor arms of the bridge the forenoon before. "We are at a total loss to account for the accident," he said. "The lifting apparatus is still in place and is practically unharmed. It is hard to say whether the bridge slipped off its bearings or whether the trusses of the span failed." Navigation on the St. Lawrence, which was suspended for 24 hours while the span raising operations were in progress, is now held up indefinitely. British troops on the Salonika front.

ELEVEN LOST THEIR LIVES WHEN SPAN DROPS

Second Attempt to Complete Bridge Across St. Lawrence River Is a Failure.

Quebec, Que., Sept. 12.—Eleven lives were lost and the second attempt to bridge the St. Lawrence river here resulted in a failure yesterday when the massive span, weighing 5,100 tons, collapsed and fell into the river. Of the 90 men caught on the span when it began to sway all were rescued except 11. Only four bodies have been found.

The span was being raised from pontoons, and was about 15 feet above the water when it gave way. The river was filled with boats and on the hills along the shore were hundreds of people to see the culmination of the mighty engineering project. The big steel frame was towed to the gap which it was expected to fill. Shortly after 8 o'clock the pontoons reached the allotted place and were withdrawn by tugs, leaving the massive glider resting on hydraulic jacks. Hardly had these begun to raise the big span when the crowds, thinking they had seen the most impressive ceremony of the bridge raising, shouted and began to leave. Suddenly there was a roar of breaking steel and the span dived into the water, which is 200 feet deep at this point. The 90 or more men on the span were plunged into the water. A majority of these were rescued by the pleasure crafts. Late last night 11 were listed as dead and missing. First reports were much exaggerated and gave the list of dead as 50 or 60.

P. F. Johnson, president of the St. Lawrence and Dominion Bridge companies, accompanied by a number of engineers, inspected the anchor arms of the bridge the forenoon before. "We are at a total loss to account for the accident," he said. "The lifting apparatus is still in place and is practically unharmed. It is hard to say whether the bridge slipped off its bearings or whether the trusses of the span failed." Navigation on the St. Lawrence, which was suspended for 24 hours while the span raising operations were in progress, is now held up indefinitely. Coroner Jollicor began an inquest yesterday afternoon. British troops on the Salonika front.

JUDGE KIVEL VISITS SCENE

Another Chapter in the Famous
Carpenter Divorce Case.

Judge Kivel of Dover and the attorneys in the Carpenter divorce case when tried at Concord, visited Magnolia on Monday and went over the ground which figured in the hearing when the court granted Major Ralph G. Carpenter a separation from Mrs. Marguerite Carpenter for alleged infidelity with another man.

Mrs. Carpenter's attorneys recently asked Judge Kivel to set aside his decision in favor of her husband and grant her a new trial on the ground that testimony of detectives who claimed to have seen her hugging, kissing and sitting in the laps of other men on the piazzas of the Gables cottage, was perjured.

Her lawyers claim it was physically impossible for the detectives to have seen what they testified to, and requested Judge Kivel to visit the scene and satisfy himself on this point.

Accompanied by General Frank S. Streeter and Attorney Woodworth of Mrs. Carpenter's counsel, and Attorneys Nathaniel Martin and Wilfred Spurr of the major's counsel, Judge Kivel went there for this purpose.

The judge and attorneys inspected the cottage piazzas, the hedges, lawn and hotel piazzas opposite, from which points the detectives and other witnesses testified they watched Mrs. Carpenter sitting with Jay Gould Day of Springfield or Ganson Dewey of Buffalo on various evenings.

Lights were turned on and off and from the various angles at which the major's witnesses testified the lawyers tested how distinctly they could discern figures and positions on the Gables cottage piazzas, in the "dark corners" and lighter parts of the porches that figured in the divorce suit testimony.

Inasmuch as there was no moon on some of the nights during the summer of 1915, which Major Carpenter specified in his allegations against his wife, and it was bright moonlight, Judge Kivel and the attorneys decided it advisable to visit the scene again when the weather conditions are more as they were on the dates specified in the divorce libel.

The inspection trip of the judge and attorneys attracted a crowd of summer folks from the hotels and cottages around the shore, and for two hours the crowd followed the examining magistrates about on their inspection.

Neither Mrs. Carpenter nor the major was present during the trip.

TUG OF WAR MEN ARE GETTING STRONG

Manager Sweeney Ready For
All Comers on the Rope.

Well, the tug of war men are getting strong again. Manager Jerry Sweeney is out looking for some team to go on the boards with the Portsmouth strong men. He doesn't care where they come from or what record they have established. If they have got the mazzini and think they can take a fall out of his team they will be accommodated by meeting the manager and arranging for a pull. He now has a second team growing that wants to come out in the limelight. Unless Jerry gets some team to go against his team of modern Sampsons soon, he will be obliged to do all the pulling between the two teams he is now coaching.

A POINTED JOKE FROM DOVER.

Will Rogers, the expert rope twirler, has a new joke. He says that a sailor was running through the Portsmouth Navy Yard with a typewriter under his arm. "Halt," shouted a petty officer. "What have you got there?" "A Wilson machine-gun," quickly replied the Jackie. He was allowed to proceed. —Foster's Democrat.

BANGOR AUTOMOBILE MAN SAYS ITS WONDERFUL.

Ru-tan-erb Restores New Health and Happiness.

Speaking to a party of friends at his home, Mr. Morel Fogg, 110 Essex St., Bangor, Maine, who is a well known citizen and has a host of friends in the automobile business, said, in regard to a relief for indigestion, sick headaches, and ill resulting from these malades, "For some months I have not been myself. Always after a hearty meal my digestion failed, my stomach trouble set in and finally my condition became so bad that I searched everywhere for a relief which I only found when a good friend showed me a newspaper advertisement of this new herbal tonic, Ru-tan-erb. You can imagine my surprise and pleasure when, after trying this fine preparation, I began to find it

was helping me. The fermentation in my stomach was relieved, my bowels moved freely, the deep pains in the pit of my stomach vanished and I started to gain good health and weight. That is what Ru-tan-erb did for me. Think, friends, what this means to me. Another chance to enjoy life, to eat what I please, and enjoy good sleep every night."

This tonic of natural roots and herbs, compounded by the most skilled chemists in the country, is working changes in health in a way that was instant gratification on the part of those who are enjoying its rebuilding power.

Ru-tan-erb is now being featured in Portsmouth at Philbrick's Pharmacy. Call or write today.

CAR DERAILED

Broken Axle Causes Street Car
to Leave Rails at Rye.

A car of the Portsmouth Street Railroad in charge of Conductor Moulton and Motorman Rand was derailed shortly before 5 o'clock on Tuesday morning when abreast of the Rye school house. A broken axle was the cause of the derailment and the car kept going until it struck a tree. There were no passengers aboard and the conductor and motorman escaped without injury.

HAMPTON BEACH CARNIVAL CLOSED LAST EVENING

On Monday evening, with a record crowd present, the last "good night" set piece was lighted at Hampton Beach, ending the second annual carnival. It is estimated by many that the carnival of this year brought more visitors to the popular resort in the seven days than at any other similar period in the history of the beach.

The afternoon's program started with the finish of the inclosed marathon from this city to the casino, five runners leaving Market Square at 2:00 o'clock and four finishing at the beach after completing their fourteen-mile run. The race was won by Edward Vereaux of Dover; Albert Churchill of Haverhill finishing second, time for the 14 miles, 1h, 23m. 45s. The runners were started by Frank Austin, James Tucker and Edward W. Peters acting as clerks.

The summary of the sports: 100 yard dash—Edward Calcutt, Dover, 1st; L. D. Lavin, Amesbury, 2d; Austin Renaud, Nashua, 3d. Time 21m. 449 yard dash—H. J. Knowles, Hampton Beach, 1st; E. J. Murphy, Newburyport, 2d; H. Johnson, Lawrence, 3d. Time, 51:2-5.

Judges—John Coleman, Arthur Rowe, John Moulton.

In the evening the display of fireworks was the best offered during the season and the work of Farnum Fish in his aeroplane, giving a demonstration of aerial warfare was one of the best exhibitions of air navigation seen in the state.

THEATRICAL TOPICS

SCENE FROM "IT PAYS TO ADVERTISE" at Portsmouth Theatre Tonight.

"IT PAYS TO ADVERTISE"

Wiseacres who deery the use of printer's ink as a medium of publicity are advised to go and see "It Pays to Advertise," Cohen and Harby's latest play success, which is to be presented at the Portsmouth Theatre tonight.

"It Pays to Advertise" is a farce that was the reigning laughing hit throughout the country last year. It was written by Hal Cooper, Megaw author of "Under Cover," and Walter Hadgett. This ingenious comedy will, it is said, do more to boost the advertising business than any argument the smartest of advertising men could think of. Indeed, this show contains about the best arguments that a convention full of promoters could think up in a month. Moreover, it is full of laughs and what is more to the point, it is clean.

The story told in "It Pays to Advertise" concerns an idle youth whose father, a captain of industry, casts him adrift. He falls in with a young man who is full of ideas, the principal one

being publicity. "Say a thing often enough and hard enough," says this young promoter, "and the man you are trying to convince will not only fall for your argument, but will shortly believe that he himself is the originator of it."

The disowned son and his pal devise a scheme to begin a new brand of wonder soap, and by means of an extraordinary advertising campaign build up a tremendous business. But, unfortunately, they have no soap. Father, astounded at his son's commercial coup comes to the rescue and all is well, but before countless complications, sentimental and otherwise, have transpired.

It would be a misfortune not to see "It Pays to Advertise." It will give you the laughing treatment, which everybody needs and everyone is better for having. But it does more, much more than that. It boosts business. It imparts the best business spirit—not the narrow, thin, cringing spirit of small business, but the spirit—big, audacious, large visioned, which commands success.

Hatzeg road our troops drove the enemy two and a half miles behind its original position. A new and strong hostile attack against our right wing induced us to withdraw it to its former positions.

"Repeated hostile attempts to advance with infantry and cavalry against the heights west of Orléans were shattered. Otherwise the situation on this front is unchanged."

Germans Lash Back.

Paris, Sept. 11.—Five times last night the Germans attacked position newly won by the French on the Somme front. The War Office announced they were repulsed each time with heavy loss. The official report says the Germans employed burning liquid in making their attacks. The fighting occurred south of the Somme, from Herby to the region south of Chaunoy.

The communication follows: "South of the Somme during the night the Germans delivered a series of attacks against several points on our new front. From Herby to the region south of Chaunoy five attacks were made by the enemy. Several of them were accompanied by discharges of liquid fire. Everywhere the attacking troops were forced back into their trenches by our artillery and machine gun fire, which inflicted serious losses on them."

"The night was calm on the remainder of the front."

Last night's statement said: Several strong attacks were made by the Germans at points along the Somme front last night. The War Office announced today that the Germans entered a first line French position but were driven back later with heavy losses. A German attack on the Verdun front also was repulsed. The statement follows:

GOOD NEWS

Many Portsmouth Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the many bad back sufferers in Portsmouth are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experiences with this tested remedy. Here is an example worth reading:

Mrs. Olive Winn, 106 Myrtle Ave., Portsmouth, says: "My back and kidneys gave me a great deal of trouble. The pains centered in the small of my back running into my head and causing dizziness and headache. My kidneys were too frequent in action and the kidney secretions caused annoyance. I used Doan's Kidney Pills, procured at Philbrick's Pharmacy, and they soon gave me excellent relief and corrected the action of my kidneys. I use Doan's Kidney Pills occasionally as a preventive."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Winn had. Foster-McMillan Co., Props., Buffalo, N. Y.

BULGARIA THREATENED FROM THREE SIDES

London, Sept. 11.—A French official despatch says that the British troops in Macedonia have forced the Struma in the face of the Bulgars and secured a foothold on the opposite bank. They now are attacking the villages of Nevojen and Karabjaga, forty miles northeast of Salonica. At the beginning of the Macedonia operations last month the Bulgarians pushed down rapidly from the border and occupied positions in Greek territory on the right bank of the Allied defensive lines around Salonica, pushing their advance to the Aegean coast with apparently little opposition. The present British thrust, which may mean the beginning of an important offensive with the object of placing Bulgaria between two fires, is directed along the main road to Seres, North of Thessalonika, the natural avenue of advance for an army pushing for the Bulgarian border. In addition to the British attack along the Struma, the Serbians already are advancing against the Bulgarians who some time ago crossed the Greek frontier near Lake Ostrovo and made a quick advance southward. Since that time the Bulgarians have retired considerably under pressure. The French also are forcing the fighting, attacking from the Varadar to Lake Doiran. Meanwhile the effort to encircle Bulgaria is proceeding on the North with the reported arrival of Russian troops in strong force to take the offensive against the Bulgarians who have invaded the Roumanian province of Dobruja, occupying large areas and capturing the fortresses of Tutukan and Silistria. Silistria is one of the line of Roumanian fortresses on the

southern bank of the Danube. It is twenty-five miles northeast of Tutukan, and has figured as an important fortress in earlier years.

British Drive in Balkans

Paris, Sept. 11.—British troops on the front in Greek Macedonia took the offensive last night. They crossed the Struma River, the War Office announced today, and attacked the Bulgarians, who are retreating desperately. The British troops crossed the Struma under fire, having gained a footing on the eastern bank at a point about forty miles northeast of Salonica where they attacked the villages of Nevojen and Karabjaga.

Serbs Rout Bulgars

Salonica, via London, Sept. 11.—The Serbian official statement issued Sunday reads:

"An artillery duel occurred along the entire front Saturday, while in the direction of Florina our artillery forced the Bulgarians to retire in disorder from some of their advanced trenches, where we found sixty rifles, many bombs and other material. In the direction of Kozani we expelled the Bulgarians from the villages of Padeschor and Embarla.

Austrians Again Retreat

Vienno, via London, Sept. 11.—After a battle along the road between Petrozeny and Hatzeg, in lower Transylvania, the invading Roumanian forces were driven back two and a half miles, the War Office announced yesterday. The Roumanians then launched a new and strong attack against the southern wing of the Austrian forces, which were compelled to retire. The announcement follows:

"On both sides of the Petrozeny-

FOUND GUILTY ON CHARGE OF SELLING LIQUOR

HAMPTON BEACH LANDLORD APPEALED CASE IN POLICE COURT AND WAS HELD IN \$500 FOR SUPERIOR COURT

Louis Willett, proprietor of the North Shore Hotel at Hampton Beach, was arraigned in the police court on Monday before Judge Joslin, on a charge of illegally selling liquor, following a raid made on Sunday evening by deputy Sheriff F. O. Tilton of Exeter and Chief of Police Tolman of Hampton. He was found guilty on the evidence of the officers, who testified to finding a large quantity of both malt and spirituous liquors on the premises. Judge Joslin ordered the defendant to pay a fine of \$100, with costs of \$18.00 and to serve thirty days in the house of correction. Willett appealed from the sentence and was held in \$500 bonds for the October term of the superior court.

POLITICAL JOTTINGS

The Underwood tariff is getting roasted now good and hot, which is just what so raw a thing deserves.

One class that doesn't seem to be considered is the brotherhood of man.

If peace hath its victories, no less renowned than war, it is evident that it also hath its list of killed and wounded and missing.

Mr. High Cost O'Living, whom the Democratic platform of 1912 promised to retire, is still very much on the job.

It is hardly likely that President Wilson will care to be written down in contemporary history as the official who deprived future industrial controversies of the opportunity of arbitration.

Just because the Democratic Campaign Book is the silly season's greatest work of fiction is no sign that it will be listed among the best sellers in November.

Before this campaign is over we fear that Joe Tumulty will find it necessary to invest in a messenger boy's uniform and a library of dime novels.

Charles E. Hughes has a very clear idea of the right way to avoid war. It is not by ducking or sidestepping or saying one thing at one time and another thing at another time, but by adopting a firm course of conduct and sticking faithfully to it. Vacillation excites enemies and the rough treatment that usually accompanies compromise, while consistent firmness arouses respect, and the man who is respected is the safest against attack.

Some of those Democratic campaign predictions seem to be coming via Sotheysaville.

Wilson stronger than his party—New York Times.

AND SINCE this port-saturated Congress, the party strikes one as stronger than Limburger.

It is a frightful spectacle, the President of the United States asking Congress to pass a labor law because a labor union combination threatens to paralyze the country if it doesn't get the law.

Mr. Wilson was notified of his nomination in the great country house built by John A. McCall, late president of the New York Life Insurance company, from the large sums he had won from that company before Mr. mothers.

Hughes forced the life insurance companies to cease robbing their policyholders for the benefit of their high officials. Quite a lot of history has been made since that time, not the least bit being that Mr. Wilson, as president, should be occupying the place as his summer capital at a time when Mr. Hughes, the great prosecutor of a dozen years ago, is touring the country as his opponent.

President Wilson has not explained why the Interstate commerce commission should have two men added to it because it may have to decide the issues between the railroad managers and the railroad workers. But he has decided that it should have two more members. The development of "deserving Democrats" must be something like the growth of weeds.

Breaking a "Law."
(From the Hartford Courant, Rep.)
The famous "unbroken law" has been broken at last. A Republican governor has been re-elected; more than that, this one will be re-elected. Away has gone a foolish notion which the Democratic party disposed of years ago.

FARM PAPER MANAGER LAUDS SUPER-SIX TOURING SEDAN

J. C. Billingslea, western manager at Chicago for nine of the foremost farm papers of the country, is the owner of a Hudson Super-Six touring sedan and is proud of the way it performs.

"I run from Chicago to Lake Ripley, Wisconsin, twice a week," says Mr. Billingslea. "The distance is 113 miles, and I cover the trip in five hours and thirty minutes without stopping my motor even to take gas or oil. The roads are mostly poor. None are better than fair. If anybody wants proof of this record I regularly make with my Super-Six touring sedan, I'll be glad to take one or five passengers for company any time and prove it to them. I am only just beginning to see what the Hudson Super-Six can do. It is the best of the four Hudsons I have owned in many particulars, which is saying a good deal."

"LITTLE COMRADE"

Is a term complimentary to any wife; but how few now-a-days deserve the compliment! If ill-health prevents women should remember that there is one tried and true remedy for their ailments, that is Lydia E. Pinkham's Vegetable Compound. This medicine, made from roots and herbs, has for forty years been alleviating the suffering of women, making them healthy and strong, and better wives and mothers.

ILLUMINATED PARADE OF THE YACHT CLUB A BIG SUCCESS

SECOND ANNUAL PARADE OF DECORATED MOTOR BOATS OF THE PORTSMOUTH YACHT CLUB IS FOLLOWED BY LADIES' NIGHT.

On Monday evening the second annual illuminated boat parade was held under the auspices of the Portsmouth Yacht Club, and a large number of members and their friends attended despite the cool weather. More than fifteen boats were entered in the parade which formed off the club float and led by the flag ship, under command of Commodore Luke Ashworth, made two circuits over a long course; passing the club four times before returning to the floats. The prizes were awarded to Alfred Googins, 1st; and Commodore Ashworth, 2d; Mayor Ladd, Ralph W. Jenkins and Samuel R. Kingsbury, officiating as the judges.

Following the parade the affair was made a ladies' night, with a luncheon and dancing at the club house. The house was finely decorated inside and out with lights and bunting and presented an artistic appearance. This committee was in charge of the parade and evening. Commodore Ashworth, vice-commodore Robert J. Boyd; Jackson M. Washburn, Frank Wasser, Secretary Charles K. Hatch and Leon Weaver.

FROM SLING TO TRAPS.

History is authority for the statement that the sling as a weapon is probably the earliest form of device known to mankind by which an increase of force and range was given to the arm of a thrower of missiles. When the southern hero David slew the giant Goliath with stones hurled with his sling, he little knew that the idea exemplified in his action with the weapon of the stone age would be generally used by trapshooters three thousand years later, but such is the case.

All of us have, no doubt, when at the water's edge picked up flat, thin stones and "skipped" them across the water. How fascinated and interested we were in trying to excel ourselves by making each succeeding throw record more "skips" than the previous one. The principles governing the throwing of the stones and producing the "skipping" features are exactly similar to those which govern the throwing of clay targets.

Attached to every trap manufactured for the purpose of throwing clay targets for trapshooting is a part known as a "carrier." The success or failure of every trap lies in the carrier. The carrier is attached to the throwing arm of the trap and is held "set," ready to be released at the shooter's call of "pull." When this signal is given by the shooter, the trap boy pulls a lever, the throwing arm is released, swiftly describing an arc, at the end of which the carrier releases the clay target and sends it spinning through the air, just as one would a stone. Should the carrier be improperly adjusted, that is, too loose or too tight, or possess any defect, then the target will not be properly thrown, or will be broken on leaving the carrier. In other words the carrier of a clay target trap is as the main spring of a watch, and if it is out of order the trap is useless.

Any expert shooter will say that you can shoot at clay targets which do not have just the right "spin," or in other words, which do not properly rotate, and though you may hit it with as many as 6 or 8 pellets of shot, yet the chances are against the target being broken. On the other hand, one pellet will often serve to break a rotating or "spinning" target all to pieces.

Years ago the "gun fan" had very poor and crude trapshooting facilities. However, perseverance by the "died in the wool" devotees of the sport brought about better conditions and today one can enjoy this sport in almost any city or town. Should there be no gun club with a permanent trap, a hand trap answers the same purpose. Anyone can easily operate it. It is ideal for private shoots, parties, on decks of motor boats or yachts, and for hunting parties. It can throw targets in any number of angles.

Trapshooting like several other things "becomes better with age."

There are nearly a quarter of a million trapshooters in the United States.

COMMISSION WILL GIVE HEARING AT CONCORD

The Public Service Commission has ordered a hearing to be held at its office in Concord on Friday, Sept. 16, at 10 o'clock, in the forenoon for the purpose of taking evidence in regard to the motor boat collision between the motor boats, Red Rover and The Mars, upon Lake Success on the night of August 26, 1916. In its notice of this hearing the commission states that the hearing will be made the occasion also for the taking of testimony from all persons interested in the matter upon the general subject of the operation of motor boats (speed, equipment, signals, etc.), upon the waters of New Hampshire as affecting the public safety.

OLD FASHIONED FUN AT P. A. C. OUTING

Thirty-first Yearly Event by Athletic Club Held at Rye Beach Inn With Big Number in Attendance

The thirty-first annual outing of the Portsmouth Athletic Club, with more than 150 members present, was held on Monday at Rye Beach Inn, the trip from this city being made by automobiles. The affair was one of the most enjoyable of the many outings held by the P. A. C., taking the form of an old-fashioned general good time. The custom of late of employing a band and holding a set program, was abandoned this year and to many this feature added much to the general enjoyment.

A big clam bake was served at noon and the menu included about everything in the eating line that the chefs could coral in the several days they spent in their preparations. In the afternoon a series of sports were held, and if no records were broken the members of the club and their guests were entirely satisfied with the fun. Even at that, some of the races were run off in fast time, and it is not at all doubted that some of the top-notchers would have been pushed to some effort to defeat the winners of the several events.

Two baseball games were played; one between the "Old Timers" and the "Youngsters," and the second between the "Married Men" and "Single Men," a yearly feature of the P. A. C. outings. In the first game the "Old Timers" defeated the "Youngsters," 7 to 3, the playing of Howe, an old Dartmouth College star, featuring. The score: Innings 1 2 3 4 5 R H E 1 2 3 4 5 6 7 8 9
Old Timers 0 1 4 2 - 7 8 3
Youngsters 3 0 0 0 - 3 4 5
Batteries: Coleman and Henkle; Connors and Rowe.

In the second game the annual feature, the combination of the two brackets, with Bill Shuttleworth pitching, was too much for the double harness men, and they lost, 6 to 1. Bill

Shuttleworth allowed the married men to beat him for but two singles.

The score:
Innings 1 2 3 4 5 R H E 1 2 3 4 5 6 7 8 9
Single Men 1 5 0 0 - 6 8 3
Married Men 0 0 0 1 - 1 2 3
Batteries: Shuttleworth and G. Brackett; Leary and Thompson.

In the 100 yard dash Will Brackett took first place with Bill Leary finishing second. The running broad jump was also captured by Bill Brackett. Fungo hitting, won by W. Leary. Throwing baseball, won by Bill Shuttleworth.

Quits contest, won by Horace W. Gray and E. J. Froehl.

The following appetizing menu was served by Messrs. Walker and Marten:

Fish Chowder	Green Salad
Steamed Clams	
Boiled Mackerel	
Roast Chicken	
Mashed Potatoes	Green Corn
Sliced Tomatoes	
Labster Salad	Polish Chips
Apple Pie	Ice Cream
Coffee	

The service was all that could be desired and the members of the P. A. C. will have nothing but pleasant recollections of their visit to the Rye Beach Inn.

On the return to Portsmouth in the evening the members of the association repaired to the club where luncheon was served, followed by a vaudeville entertainment. The committee in charge of the outing was Dr. H. F. Staples, president of the club; Ira A. Newick, vice president; P. J. Philbrick, secretary-treasurer; E. W. Coleman, J. S. Parker, John A. Pellic, Horace W. Gray, Jr.

POLICE COURT

Hannah McSweeney, charged with keeping malt liquor for sale, was before Judge Caplin in the municipal court today and pleaded not guilty. The case dated back to Sunday, Sept. 3, when a police officer dressed as a soldier claims he purchased malt liquor at the Commercial House. The respondent was ordered to pay a fine of \$100, costs of court and to serve 60 days in jail. She appealed and gave bonds for further hearing in the superior court.

Terrance McGrath, a one-legged engraver, was picked up by Officer Hewett in the Christian Shore district on Monday after a complaint had been made by some of the residents there against him.

No man with two legs could have made more trouble for the police and he was a live wire until the wagon arrived and took him aboard, even then he was anything but a peaceable passenger in the city hall jitney. His next ride will be on the Haystack Limited to Epping with a ticket good for 90 days.

FORT HAS STRONG TEAM.

The 15th Company, C. A. C., at Fort Constitution has a strong football team this fall and includes many excellent players. King and LaRose are two new players of much promise. The former in previous years has played with the Texas City Braves, and the latter, who was with Battery B, 4th Co. Field Artillery, also played with the Texas City team.

ONE FROM PORTSMOUTH.

Voluntary petitions in bankruptcy have been filed with the clerk of the United States court as follows: Mackey & Hall (Stewart J. Mackey, Theodore E. Hall) of Gorham, with liabilities of \$527.15 and assets of \$156.50; Joseph A. Jaffert of Londonderry, with liabilities of \$168.31 and assets of \$113.51; George W. Reynolds of Portsmouth, with liabilities of \$441 and assets of \$125; Dennis Blaney of Berlin, with liabilities of \$370.20 and assets of \$256.

ARMY AND NAVY ASSOCIATION MEETS

The members of the Army and Navy Association met on Monday afternoon and listened to the report of the building committee. The building will be ready for dedication some time the latter part of November or first of December. The members are more than pleased with the progress made.

LEON RICE RECITAL

Fine Audience Hears Singer at Middle St. Baptist Church.

A fine audience had the pleasure of listening to a most delightful song recital by Leon Rice, dramatic tenor, of New York City, at the Middle Street Baptist church Monday evening. It is seldom that a Portsmouth audience has the pleasure of hearing so thoroughly satisfactory a tenor singer. The program of the evening was made up of songs by English, French and German composers, and covered a wide range of selections, classic, semi classic, and operatic. Mr. Rice's voice is a robust tenor of splendid carrying power, and excellent quality. Mrs. Jennie Caesar-Rice, accompanist, added greatly to the enjoyment of the evening. Tonight Mr. Rice will give a program made up of selections from the work of American composers, singing several numbers by request. All lovers of music should be sure and hear him. There is no admission charge. An offering is received at the close as an expression of appreciation to Mr. Rice. Several of the songs to be sung tonight were written especially for and dedicated to Mr. Rice.

In addition to the regular program Mr. Rice will sing "The Husky," "Just a Wee-bit for You," and "The Ninety and Nine."

NOTICE.

The local management of the McKinley Orchestra Dance in Freeman's hall last evening takes this method to inform the large patronage that the absence of Mr. Rousseau, the trombone player, from the orchestra, is due entirely to sickness. His absence was frequently remarked during the evening. Hence this explanation. Mr. Rousseau will be with the orchestra on their next visit to Portsmouth. A substitute could not be used to advantage when required for perhaps ten or twelve days only.

YORK HARBOR CONTRIBUTES \$400 TO ARMY AND NAVY BUILDING FUND

The York Harbor folks, including many of the summer residents, headed by Commander J. D. D. Kelly, U. S. N., retired, have raised over \$400 for the Army and Navy home fund. The fund was secured through efforts of several of the local society leaders and it is much appreciated by the officers of the association.

BIG NIGHT WITH VETERAN FIREMEN

Lots of Speed to the Eureka Boys on Monday Night.

The veteran firemen of the Franklin Police Association were busy on Monday night when the working crew of the hand tub Eureka took the kinks out of the hose and also out of their muscles. They brought the machine out for the first time in many weeks and gave her a tryout in preparation for the muster at Amesbury on Thursday. They found her up to the standard and her crew will come back from the Massachusetts town crowned with victory. The occasion on Monday evening was animated by a variety of vocal and instrumental music and refreshments. A large crowd was present and showed that the organization is still on the map and can come back.

AT THE COLONIAL

Already the "Kinkaid Kitties" are a byword in Portsmouth, and the common expression now instead of "Howdy" is "Have you seen 'em?" meaning of course the Kitties.

This unique entertainment at the Colonial is one that you never tire of. The comedy is so refreshingly different from the ordinary run of musical comedies that this fact follows naturally.

Rosa Maurer, queen of them all, leads the fun forces of the company and as one man remarked after seeing the Scotch performers, "they have more good singers than such a popular priced company has a right to have."

The company is popular priced, but take it from the management it is an expensive company to secure. They are in great demand everywhere and it was a lucky arrangement on the part of the Colonial proprietors which got them here.

The bagpipe band is one of the best liked features of the Kitties. These typical Scotch musicians put their whole souls into their art and make the Colonial fairly ring to the reverberations of pipe and drum. There is an indescribable dash and swing to this sort of music which never fails to get the audience with it from the start.

The Kittie Chorus is an admirable collection of Scotch roses, and trained to sing and dance as few choruses are.

The principal singers have voices far above the average in sweetness and expression and like the band put their hearts into their singing. The Kitties remain all week and make a midweek change of program. The all star picture show given in addition to the Kitties is worth the price of admission alone.
